Today, Eni signed in Budapest an agreement with MOL Group, a Hungarian oil gas company, for the sale of its 32.445% stake in Česká Rafinérská a.s. (CRC), a refining company in the Czech Republic. San Donato Milanese (Milan), 7 May 2014 - Today, Eni signed in Budapest an agreement with MOL Group, a Hungarian oil gas company, for the sale of its 32.445% stake in Česká Rafinérská a.s. (CRC), a refining company in the Czech Republic. The transfer is subject to the preemption right on the part of the other partner in CRC, Unipetrol, which will be able to purchase the share under the conditions agreed with MOL. On the same day, Eni signed further agreements for the sale of its subsidiaries Eni Česká Republika, Eni Slovensko and Eni Romania to MOL Group. These subsidiaries operate in the Refining Marketing business, with activities in Czech Republic, Slovakia and Romania respectively. The completion of these agreements is subject to certain conditions, including prior approval by the competent antitrust authorities. Eni will remain active in all three countries through the wholesale marketing of lubricants. These agreements are a further step towards a reduction of the refining exposure and to a recovery of the profitability in the Refining Marketing sector. With the transfer of the share in CRC, Eni decreases its refining capacity by 7% which adds to the 13% of reduction applied in 2013. Eni S.p.A. Piazzale Enrico Mattei, n.1 00144 Rom - Italien
