About the full-time MBA Program

The full-time MBA Program at HHL was successfully accredited by AACSB (2004, 2009) and ACQUIN (2009) and it combines both - a leadership focus and global experience. The program is entirely taught in English. It is attractive for talented and ambitious participants who are seeking managerial positions in multinational corporations. The students share the HHL experience in a global class - more than 70 per cent of the participants have an international background. <http://www.hhl.de/mba>

About the Global Executive MBA Program

With the Global Executive MBA Program, two of the leading business schools in Germany and Spain offer a joint program for executives starting in October 2012. The part-time program, designed by German HHL - Leipzig Graduate School of Management and Spanish Escuela de Alta Dirección y Administración (EADA), will be completely in English and focuses on the peculiarities and similarities of business practices in Western European countries (especially Germany and Spain). In addition, participants will gain insight into the economy and culture of the Chinese, Brazilian and Indian markets.

The structure of the 18-month MBA program is suited to the professional and personal needs of international executives. To obtain the "Executive MBA" dual degree at HHL and EADA participants have to successfully pass a total of ten six-day course weeks spread over 18 months on different management disciplines as well as complete a Master thesis. The International Executive MBA Program consists of eight core modules, of which four will take place in Germany and four in Spain. Further modules are to be completed at reputable business schools in Brazil, China or India. Participants will have to choose 2 modules out of these 3 elective ones.
