*2012 QS Distance Online MBA Ranking confirms Euro*MBA in world top 10*

The 2012 global ranking of Distance Online MBAs undertaken by QS Intelligence unit has ranked the Euro*MBA as one of the top 10 programmes of its kind worldwide.

With demand for distance learning and online MBA programmes increasing, this latest ranking from the organisers of the World MBA Tour confirms the Euro*MBA programme's status as one of the world's best.

The QS Intelligence unit ranking takes into account factors such as employability, student quality, diversity, faculty and teaching plus class experience.

The Euro*MBA received praise for its alumni's career development as more than 70% of graduates moved to a higher level function upon graduation or 32% started their own business.

With almost 30 different nationalities among its students and an international-class faculty of more than 200 professors from its partner schools, the Euro*MBA performed strongly in most criteria.

Schools included in the ranking had to be accredited by one of the three main MBA accreditation organisations. The Euro*MBA programme is AMBA accredited. At an institutional level, Euro*MBA partner schools and universities are AACSB and/or EQUIS accredited.

The part-time blended format of the Euro*MBA is designed for internationally oriented managers and professionals looking to earn a top-ranked MBA programme without putting their career on hold.
