- Paolo Scaroni, Chief Executive Officer, commented:<br/>
- "In 2013 Eni achieved solid results in a particularly difficult market. Despite problems in Libya and Nigeria, our E<br/>
FD Division confirmed its capability to deliver high profits thanks to its cost leadership and extraordinary exploration successes. Our Mid and Downstream businesses, while at a disadvantage from the Italian and European crisis, strengthened their restructuring actions achieving a significant improvement in cash generation. Finally, the portfolio rationalisation permitted by the new discoveries has allowed an anticipated monetization of results and cash. The overall effect of what we have done in this challenging year enabled us to deliver an increased net profit versus 2012, to pay a generous dividend and to launch a buyback program, while maintaining a constant debt".<br/>
-(1)Throughout this press release, changes in the Group results are calculated with respect to results earned by the Group's continuing operations in 2012 considering that at the time Snam was consolidated in the Group accounts and reported as discontinued operations based on IFRS 5.<br/>
-(2)These changes are calculated by excluding Snam's contribution to the Group results in the full year 2012. This is the result of Snam's transactions with Eni being included in the continuing operations results of the full year 2012 according to IFRS 5. Adjusted operating
